Chief Sitting Bull made the first recorded visit to the present site of Regina when he arrived here in 1881 on his way to Wood Mountain where the Sioux made their headquarters while seeking refuge in Canada after the Custer Battle on the Little Big Horn in Montana. The locality had long been known to the natives as 'Heap O' Bones,' owing to the fact that a great pile of buffalo bones garnished the low hills nearby. The first settlers called the place 'Pile O'

Bones,' and this name appeared in official documents. The name, 'Wascana,' given to the creek running through the area is a corruption of the Cree word for Pile O' Bones.

It was intended to name the place Victoria, in honour of the Queen, but that name had already been bestowed on the Capital of British Columbia. The matter was referred to Princess Louise, the daughter of Queen Victoria, whose husband was then Governor General of Canada, and she selected the name 'Regina.' The city was named as the first train arrived at nine o'clock, August 23rd, 1882. A tent settlement had sprung up in the spring of that year.

Regina was incorporated as a City in 1903, but the little community had already been the seat of Government of the North West Territories for twenty years. It became the Provincial Capital when Saskatchewan was formed in 1905.

At the time of its incorporation Regina had a population of 3,000. To-day it has a population of 120,000. While not what might be called a large city, it is the 12th largest of all Canadian Cities.

Regina is the financial centre of the Province and it holds an important place in the life of Saskatchewan by virtue of the fact that it is the Capital and by the commercial and industrial development

The Legislative Buildings are among the most stately and beautiful in Canada. They are situated on the banks of Wascana Lake and surrounded by spacious grounds which have been beautifully developed and landscaped. The building itself is regarded as an ideal structure for legislative work. It was first begun in 1908 and cost in the neighborhood of $3,000,000.00.

Regina contains churches of many denominations and is the seat of the Anglican Diocese of Qu'Appelle and of the Roman Catholic Archdiocese of Regina.

Because of its natural attractions and the improvements which its people have made to it in the course of its short history, Regina is a very popular tourist and convention centre. Hotel accommodation is suitable for small and large gatherings and many thousands annually take advantage of its splendid facilities.

旅加華僑歷史考

中國人在某年某月或某個世紀開始涉足於加拿大，追之中國歷史，似乎沒有痕跡存在足資稽考，不過有些頗負有盛譽的歷史專家則認爲當西方文明尚屬原始的時代，已有中國人的踪跡出現於北美新大陸。有位大學教授麥僑偉先生，且斷言謂哥倫布尚未發現新大陸的一千年前，已有黃種人流浪到過這地來。

一百五十年前，有位傳道士亦謂彼在中國傳道時，曾發現過中國人經常駕舟到北美的新大陸去，有紀錄遺留下來，根據該項紀錄，中國人當時尚把本省劃入大漢（中國）的版圖。

首批中國人當初在卑詩省建立華僑社會時，因未得到土著的垂青，後來卒被淪爲奴隸。據史載當時有位名叫密斯的英國艦主，他曾在中國載了一批華人到這地來，把

他們安置在大陸西岸的金河流域上，自己便溜之大吉，去別尋生路，這位船主後來有沒有舊地重來的行動，則沒有跡象可資証實，這首批中國人被放逐到這地後，爲了生存問題，曾竭力謀在本境建立新社會，這個則有事實的根據，不過他們的努力終於落空，據說當時僑居墨西古的西班牙人，在探悉本地有華僑的足跡後，便派了大批艦隊到這地來把這批華僑全部擄去，以充他們的奴隸。上述的一段歷史，本來與目前僑居加境的華僑完全無關，不過事出有因，既非大話西遊，而是華僑先烈披荊斬棘的一段悲慘歷史，故不能不順帶提及來談談吧。

自從該首批華僑絕跡後，北美新大陸歷陸十年間都未見過中國人的足跡，直至一八五〇年當美國加省發現金鑛的時候，方再見數千華僑結集此地，該批華僑中後來有少數因隨着找尋金鑛的追求而漸流浪到加拿大的參臣與夫李沙的上流來。抵步五年後，該批拓荒的華僑便首次參加本國的選舉，這次即爲卑詩省舉行省選的首次，不過値得指出的，就是該時卑詩省尙未參加聯邦的中央政府，選舉逾兩年後，本省方正式加入加國的版圖，華僑首次投票的地點，即爲本省古城李魯達(*Lillooet*)。

自斯而後，華僑一直保存選權有四十九年的時間，雖然在選民的名單上，我們是被列爲『外僑』，但當時加國政客對我們的選票，比諸其他正統籍民的，也感覺一樣的重視。

一八八〇年當加拿大正在忙於開闢的時候，安得總建築公司便派船到中國去迎接大批中國苦力工人到這裏來，首次完成橫貫加拿大的公路，其功勞就該歸到華僑的身上。直至鐵路告成，火車能由加東的滿地可直達到加西的昧舞地時，已有一萬五千名華僑居在本境了。該批華僑對每次本國的選舉，都曾起了左右性的作用。至於華僑當日確曾參與選舉的明証，可從十九世紀遺下的紀錄中証實，該等紀錄叙述華人每遇選舉的時候，都須在西人監票員面前破碗發誓，以示盡忠。

直至一八九四年，加拿大政府便通過法案，內容規定『所有柴納門(按一指當日西人蔑視中國人的稱呼)均不能在本省的選民名單上報名登記，選舉時不能參加投票』。這樣，該法律實施後，中國人雖忠心耿耿，肯在西人面前破碗發誓，可惜也終於枉費心血。甚連加國首相對中國人嘉許的一番由衷之言『若果沒有中國人的幫助，恐怕詩丕亞鐵路和加西的各項鑛業，其完成和開闢的階段，總是遙遙無期吧。』不過這番感恩的衷心話，在種族成見過深的人們的心裏，是不會發生多大的影响的。

卑詩省政府既通過新例，遞奪華僑選權，在當時克苦耐勞的華僑看來，一點也不感覺詫異，因爲他們的命途，早在三十年前已開始遭逢厄運了。

橫貫加拿大的詩丕鐵路告成後，旅加華僑史歷又步入新階段，大多隨着鐵路建築的完成而告失業，由於此地謀生較諸中國能得更厚的報酬，所以大多華僑不願回返中國去，而寧在這個荒蕪的邊境來繼續奮鬥，有些較爲雄心的還投到加拉補（本省北部）去探尋礦床，可惜找不到若何成績，依然如故的沒法解決生活。

當時美國南北內戰適值結束，但帶來的慘酷後果却是種族仇恨，該氣一時甚厲風行，黑人固首當其衝，而東亞人也被牽及，首次露出種族歧視的証據，就是美國的礦業公司，陳列排亞標語，限制東亞人開礦；懷奧明省的赤泉埠上更發生流血的慘劇，暴動伸到華埠，廿八名華僑慘遭殺害，整個華埠的居民也被驅逐一空，美國南北戰爭結束不及六年，而太平洋沿岸的排亞運動，一時風起雲湧，羅省又有廿二名華僑慘被戕害，還有無數的被毆傷，禍患漸蔓延到加拿大來，其程度雖沒有美國那樣劇烈，但雲埠唐人街亦發生暴動，本埠華僑奮起迎擊，用棍棒刀劍等武器把暴徒驅散，華埠的商店大多已被摧殘破廢，後華僑將情向奧京最高法院起訴，卒獲政府補回損失十萬元。

晚近半世紀以還，西人中能認識華人之真正價值者，爲數尙不過多，在不少的西人心目裏，每位中國人不外還是『虎面周』或電影上所描繪的差李陳的一樣人物吧了。

經過此次的暴亂，華僑只有結集在華埠等候局勢的轉變，他們該時的職業機會，亦只限於家僕，衣館餐館耕園等手藝工作，幸而彼等均皆克苦耐勞，所以在這些工業方面頗有造就，尤以他們所耕的園，散佈於肥沃的哥林比河流域上，不久卒成本省舉足輕重的民族。

Progress is nothing more than the process of falling in line with the scheme of minorities.

Alimony is what takes place when two people make a mistake and one of them continues to pay for it.

近年來，華僑在加的社會地位已日漸改善，華生不獨在西人學校顯現出類拔萃的人才，且在各種高尚職業中亦見彼等時露頭角。戰爭年間，更見華青年司身軍中，與西人方面並肩作戰，發揮了中國人的優良傳統，在此種光輝的成績下，卒破碎西人對華僑一向所抱的錯誤的黃禍觀念，而此刻已獲西人認爲是加拿大公民中的有用成員。

CHINESE CUSTOMS

A birth of any kind is a joyful event in China, and in fact, the expression 'there is a you' or 'your lady has a joy' is the ordinary way of saying that an interesting family event is expected. In parts of China several jars of wine are put aside when a girl is born to be served to the guests at her wedding.

Children are a year old at birth. Each New Year they become a year older. They always walk behind their elders. Duty to parents is a lifetime virtue. Children are taught that rice is the staff of life: it must never be wasted. Each grain left in the bowl may be a pock mark on one's future bride.

The old custom of binding a girl's feet as a child to keep them small and dainty has disappeared and the custom of men wearing pigtails has long become a thing of the past.

Surnames precede given names. Thus, in Li Hung-chang, late pre-

mier of Chang Dynasty, Li is the surname.

A Chinese written character has the same meaning in all parts of China although its pronunciation may vary from place to place. The writing instrument is a soft, pliable brush held vertically. It was invented about the Third Century. Paper was invented in China much earlier.

Most of Chinese books are bound on the right hand side. They are read from the back forward and proceeding from top down and right to left. Some footnotes appear at the top of the page.

South is the central point of the compass, which, incidentally, was invented in China.

The symbol 'Fu' (blessing or happiness) is commonly seen written on red paper above doorways. However, if a death has occurred in the household during the previous year, it is written on white or blue paper.

Hsi is the word for joy in Chinese. This character doubled is called 'double joy'. You will always see a big red 'double joy' character at a Chinese wedding ceremony or displayed in a bride's bedroom. The 'double joy' character symbolizes matrimonial felicity: two joys make a double joy and it takes two to make a successful and happy marriage. A husband and wife are united like the two symbols

in 'double joy', never to be separated.

White, not black, is the color of mourning. Red color is a good omen.

Professional story tellers are employed to entertain guests in fashionable tea houses in China.

Soup and fish are served at the end, not the beginning of a banquet.

Wines are served warm in winter.

At dinner the host sits opposite the guest of honor, usually with his back to the door. The left side of the table is considered 'higher' than the right.

Finger games may be played for cups of wine at the beginning of a meal. Two players hold out any number of fingers simultaneously and shout out their guesses of the total number held out. The loser, not the winner, drinks the wine.

To drop chopsticks is an omen of bad luck. Finding an unmatched pair at one's plate foretells the missing of a train or boat. Upsettin a bowl of rice is a sign of ill fortune. Deliberately dumping a bowl of rice on the ground is a gross insult to a host.

SASKATOON: POPULATION 106,000

Situated on the fertile banks of the mighty South Saskatchewan River is picturesque Saskatoon whose incorporation as a city dates back to 1882. This thriving northern metropolis of Saskatchewan showed promise of its potentiality at the turn of the century when it had been flatteringly referred to as 'Miracle City of the West'.

Ideally located in the heart of the world's greatest grain growing area, Saskatoon is the site of the University of Saskatchewan with its famed college of agriculture. But the city is even more important economically since the entire region is enriched with natural resources including valuable deposits of oil, natural gas, salt and potash.

Additionally, she is the hub of a large and rich trading area which takes in one half of the population of Saskatchewan.

INDUSTRIAL DEVELOPMENT

With its 300 manufacturing plants, Saskatoon is the centre of flour, feeds and cereal milling, meat packing, dairying, including

butter and cheese making, egg powdering, chick hatching, oil extraction and canning.

Its diversified industries take in iron work foundries, machine shops, printing establishments, bakeries, breweries, furriers, bottling works, oil refineries, carriage works, planing and woodworking mills, stone works, lithographers, engravers, and the manufacturing of road machinery, furniture, paper boxes, vinegar, clothing, stokers, chemicals, tents and bedding, brushes, candy, crest and pennants and concrete products.

The Saskatchewan Wheat Pool operates a flour mill with daily capacity of over 1,000 barrels. In addition the company owns a vegetable oil plant, a refinery and mixed feed plant. Alltold these enterprises represent an investment of over four millian dollars.

Water works and electrical energy are city owned. The abundant supply of water from the South Saskatchewan River makes both these items very reasonable to the consumer.

BUSINESS CENTRE

There are more than 1900 business firms in the city of Saskatoon including in addition to 300 manufacturing establishments,

As a distributing centre, Saskatoon extends its coverage to more than 70,000 square miles embodying 2 large cities and a dozen of large size towns. The entire northern half of Saskatchewan and half of the province's population is served by this city.

TRANSPORTATION SYSTEM

There are 15 railway lines feeding into every part of Saskatchewan, the province whose population trend is shifting northward following discovery of rich natural resources in minerals, timber, oil and gas.

Saskatoon is served by two great railways on the main transcontinental line of the C.N.R. Four trains connect daily with the C.P.R. It is also on the main route of Trans-Canada Airlines. For inter-city communication, the Saskatchewan Transportation Co. provides the city with daily buses to and from all important towns and cities on the prairies.

of the West' is unsurpassed. There are six bridges, two of which are noted for their architectural beauty, which traverse the South Saskatchewan River.

A dam raises the level of the part of the river flowing through the main portion of the city which slows the current and enhances the appearance of the city. Scenic parks abound along the river's banks.

The Bessborough Hotel and the University of Saskatchewan with its memorial gate at the entrance are only a few of the impressive attractions.

In addition to the University of Saskatchewan there are also located here the Provincial Normal School, the School for the Deaf, Provincial Vocational Training School, four Collegiates, fifteen elementary schools. As an educational centre, Saskatoon serves over 5,000 students from outside the city.

SPORTSMEN'S PARADISE

To outdoor sportsmen, the district around Saskatoon is regarded as ideal hunting ground. Prince Albert park with its famed Manitou Lake is only 160 miles north of the city while Watrous, the beautiful summer resort, is a mere 83 miles away.

the way even to that province.

Saskatoon is in the very heart of the Province's richest and most productive areas. As testimony of this is the fact that in Saskatoon are located three of the largest flour and cereal mills in the west. The Robin Hood, Quaker Oats, and Wheat Pool plants, all located in Saskatoon, have a daily capacity among them of upwards of 8,000 barrels.

Agricultural societies, industrial exhibitions and livestock organizations have, over the years, helped tremendously to increase and improve the quantity and quality of the provinces livestock. Because of its importance as a livestock centre, Saskatoon was chosen by the Intercontinental Packers, Limited a European business concern forced out of Europe because of the war, as the location for its Canadian Plant. This plant, established in 1941, is being steadily extended and at present is capable of processing daily some 1,800 hogs and several hundred head of cattle and other livestock. Mixed farming has contributed greatly to the wealth of Saskatoon's trading area. More milk is shipped into Saskatoon than, possibly, to any other point on the prairies. It has not been unusual for

Saskatoon to supply other cities in Saskatchewan and even in Alberta, with milk. The city, being the centre of the largest milk shed on the prairies, would be expected to exceed all other centres in the manufacture of butter, cheese and milk powder. This it does. The Dairy Pool, with its headquarters in Saskatoon, manufactures the only processed cheese produced in the Province. Its blue vein cheese, which is in great demand, is rated as amongst the best Cheese of its type made anywhere.

The poultry industry in Saskatoon and district has shown great growth in the last few years. Seven hatcheries in Saskatoon supply over two and a quarter million chicks annually to those engaged in the poultry business

Saskatoon's role as the centre of the livestock industry in the province can clearly be seen from statistics which indicate a dollar value of livestock passing through the market in this city being nearly equal to the total value of livestock passing through all other markets in the province. To this must be added the comment that the half million acres to be irrigated in the Saskatoon area, on the completion of the South Saskatchewan River project will largly be devoted to a livestock economy. This will make Saskatoon one of the most important livestock centres in Canada.

CHINESE FESTIVALS

No people in the world enjoy celebrations more than the Chinese. During the year they have many-all have a special significance and all are celebrated in the grand manner. The Chinese can, on certain occasions, be a very noisy people, shouting, cheering, rushing hither, shooting off firecrackers, sky-rockets and Roman candles; but with it all they never become excited or rude to the point where they forget respect and consideration for those about them.

The Chinese have many festivals. Most are connected with the seasons, but some are occasions for paying respect and reverence to ancestors.

NEW YEAR

New Year is the greatest of all the Chinese celebrations. It is the time for great rejoicing, with a world filled with happiness and promise. Debts are paid before the New Year, leaving everyone free for mirth and happiness in a carefree manner.

Houses are newly painted, draped and decorated with bunting to hail the occasion. Walls are washed, floors scoured and furniture varnished. As a part of the celebration, children get new clothes; receive presents and books. On New Year everybody dons his Sunday best. Many of the fashionable young ladies take pride in showing off

the latest gowns with a native Chinese effect.

The most important ritual takes place on New Year's Eve when sweets fruits, flowers and choicest foods are blessed and offered before the portraits of ancestors. When the ceremonial hour arrives the head of the family lights red candles and burns incense. Tea is offered to the spirits of deceased loved ones, and members of the family according to seniority, bow before the portraits of the departed.

Dinner on New Year's Eve is the most sumptous of the year. Foods take on fanciful and exotic names. An egg becomes a 'silver ingot', taros become 'fortunes,' and rice cakes signify 'progress and advance.

The entire family congregates gaily around the table, drinking toasts and telling jokes. Gifts are exchanged. Parents wrap silver dollars or bank notes in red paper and place them under the children's pillows.

Chinese greet each other on New Year's Day with the expression 'Gung hay fat Choy.' equivalent to 'Happy New Year along with prosperity.' So tourist visiting Chinatown on Yew Year also may greet their Chinese cousins with a hearty 'Gung hay fat choy.' Very often state and city officials visit Chinatown to congratulate local leaders and wish happiness and prosperity to all the people.

During the New Year celebration, Chinatown is a roar of firecrackers the sky lighted by thousands of rockets and Roman candles. The dragon and lion dances, the big parade, the colorful Chinese beauty

contest and the fashion show make the event the best time to visit Chinatown. Determined by the rotation of the moon, the Chinese New Year comes in late January or early February. Visit Chinatown on its day of days, Chinese New Year. In anticipation of your visit, Chinatown Handy Guide greets you with a hearty 'Gung hay fat choy.'

CHING MING

Another highly celebrated festival is called 'Ching Ming,' or the Festival of Tombs. This event comes toward the end of the second month in the Chinese calendar, the time when the Chinese greet the spring. The festival is universally observed, and while it is a time for pleasure and picnicking, it is also the time when reverence and honor is paid to the departed spirits. On that day graves are put in order. Each family presents an offering before the tablets adorning the graves of its dearly departed. Flowers and wreaths are laid on them as a mark of remembrance. These practices, observed since 700 B.C., can be compared with those of Memorial Day. Ching Ming is celebrated around early April.

DRAGON BOAT FESTIVAL

This festival, held on the fifth day of the fifth month, Chinese calendar, occurs in late June or early July.

Every action of the day is directed toward warding off evil symptoms and spirits. Everyone is aware of the five poisonus creatures;

toads, lizards, scorpions, centipedes and serpents.

Special foods served on this day are dumplings of glutinous rice boiled in bamboo leaves in various shapes; garlic, spinach, salted egg and lima beans.

This season of the year is considered nautical by the Chinese who take part in the delights of boating. The dragon boat is king of the festival. It is narrow, just wide enough for two men sitting abreast. It is moved by paddles to the accompaniment of drums and gongs creating a great din.

The most popular account of the origin of this festival is that it commemorates the untimely death of a great poet and minister of state, Chu Yuan, who was falsely accused by a corrupt prince. In remorse, he drowned himself as an example of his belief in right and honest living. The dragon boat regattas are in memory of the search for his body

MOON FESTIVAL

This important festival, falling on the fifteenth day of the eighth month of the Chinese calendar, is celebrated and revered by every Chinese community. Falling in September, it could be called the Harvest Home, or gathering of the fruits, vegetables and plants for winter storage.

Friends gather around a table of the harvest consisting of moon cake candy, water chestnuts and wine. For the children it is a day of happ-

iness and promise, for the moon goddess is supposed to come down from heaven to give all mortals, especially the children, their desires.

Old romantic fables are related, woven around the fabulously charm Moon Lady, Chang Ngo, wife of an alchemist, who labored for years to make three pills which could preserve life and transform humans into divinities. During this Mid-Autumn Festival she found and swallowed the pills.

Fleeing the house to escape her husband's wrath, she found herself being transported into the clouds. She landed in moonland before the Palace of Crystal where she was crowned Lady of the Moon.

DOUBLE TEN

Double Ten is Chinese National Day. It is the patriotic occasion similar to the American Fourth of July (Independence Day). It gets its name because it falls on the tenth day of the tenth month. It is the anniversary celebration of the founding of the Chinese Republic.

The Republic was created in 1911 by the beloved patriot, Dr. Sun Yat-sen and his fellow revolutionaries who, after a long struggle, overthrew the ruling Manchu Dynasty. Now, in spite of the fact that China is under Communist rule, Chinese in all parts of the world dedicate the occasion to the honor and respect of Dr. Sun Yatsen, who was also the first president of the Chinese Republic - the Chinese George Washington.

When Groucho Marx was leaving on his hunting trip, his wife said: "I'll miss you, dear, and I hope all the other hunters do the same."

A mountain dweller was making his first trip to the big city. He was particularly intrigued by the elevators. First time he saw one he watched an old lady step into it and disappear behind the sliding doors. Seconds later it returned and out came a beautiful redhead. He wished now that he had brought his wife along.

The university president was delivering his baccalaureate speech. In the audience were an elderly man and woman, obviously foreigners, who were having some trouble understanding the president's address to the class, of which their son was a member.
"What he say?" finally demanded the mother frowning.
"Who?" asked the father.
"The beega fella in black robes, What he say?"
"He say school is out."

CHINESE CANADIAN ACHIEVEMENTS

The recent achievements of two young Canadians of Chinese origin provide striking examples of how the Chinese are becoming integrated into Canadian life. Douglas Jung was elected to the House of Commons in 1957 and again in 1958 to represent Vancouver Centre. He is the first Canadian of Chinese origin to become a Member of Parliament. Betty Chan's achievement was in quite a different sphere. This Chinese schoolgirl of Saskatoon invaded Scottish preserves when she won the Gaelic Society's challenge trophy for Highland dancing at the Winnipeg Highland Games in 1956. Since then she has gone on to win competitions in other parts of Canada.

These young Chinese Canadians are descended from one of the oldest ethnic groups in Canada. In 1958 when British Columbia was observing the centennial of its founding as a crown colony, the Chinese were celebrating the hundredth anniversary of their arrival in Canada. According to some reports, Chinese first came to Canada before 1858. Some were believed to have come with British explorers, such as Captain John Meares, who sailed to the west coast of Canada from China. But exact information is lacking and in any case no permanent Chinese settlement resulted from these expeditions.

ACHIEVEMENTS, PAST AND PRESENT

Probably the most important contribution of the Chinese to the early development of Canada was the part they played in building

the Canadian Pacific Railway, which has already been noted.

Before the railway was built, when British Columbia was virtually cut off from the labour supply in eastern Canada, the Chinese contributed towards the industrial growth of the province. The early mining, lumbering and fishing industries in British Columbia all owe much to the energy and capacity for hard work of the Chinese. Those who became domestic servants and opened laundries also filled a need in Vancouver and other west coast centres.

After 1885, when the big days of railway building were over, many of the Chinese who remained in Canada turned to market gardening or the laundry and restaurant trades. Chinese restaurants soon became a familiar sight in urban centres and a Chinese restaurant was often the only place where meals could be obtained in a small Ontario or Prairie town. Chinese food has become popular with many Canadians who make a practice of going frequently to their favourite Chinese restaurant.

Today Chinese are taking their place beside other Canadians in a wide range of occupations. They are running canning factories, service stations, drug stores, importing agencies, commercial greenhouses, and farms - to name only a few of the enterprises in which they are engaged.

Horticulture is a field which has appealed to a number of Chinese. Dr. Allan P. Chan, for example, is considered to be the top Canadian authority on floriculture. Since 1947 he has been senior horticulturist in charge of floriculture research at the Dominion Experimental Farm in Ottawa. Dr Chan is the author of

Three men were arguing as to what profession was first established on earth; said the surgeon, "The Bible says that Eve was made by carving a rib out of Adam. I guess that makes mine the oldest profession."

Said the engineer, "Not at all. In six days the earth was created out of chaos, and that was an engineering job."

Said the politician, "Yes, but who made the chaos?"

CHINESE CANADIAN ACHIEVEMENTS CONT'D.

the University of British Columbia and received his degree in 1952. Margaret Gee, the first woman of Chinese origin to become a lawyer, was called to the bar in Vancouver in 1954. Miss Gee also has another first. In 1958 she became a reserve pilot officer in the R.C.A.F., the first Chinese woman to have won such a rank.

In quite a different field another Chinese woman has played an interesting part. In 1957 Ruth Lor, a graduate of the School of Science, University of Toronto, spent the summer at Frobisher Bay Baffin Island. She was associate director of the first work camp sponsored by the Canadian Council of Churches and the Department of Northern Affairs. The purpose of the camp was to help Eskimos build a medical, education and rehabilition centre for the Eastern Arctic at Frobisher Bay.

CHINESE CANADIAN ACHIEVEMENTS CONT'D.

Many Chinese in Canada have become Christians. Some of the larger communities have established their own churches with Chinese ministers. The Reverend Andrew Lam, former rector of the Chinese Anglican Church of Vancouver, is the first Chinese pastor to be called to a church attended by Canadians of all ethnic origins. In 1957 he was appointed rector of St. Barnabas Church in Winnipeg. Mr. Lam, a graduate of the University of British Columbia and the Anglican Theological College of British Columbia, was ordained in 1941. He was the first clergyman to hold regular services in both English and Chinese.

The Chinese approach to painting is reflected in the work of Chuck Yip, a young Vancouver-born artist. But although oriental influence is apparent in his style, the Inspiration for much of his

work is drawn from the trees and plants of his native province. In 1956 Chuck Yip held his first one-man exhibition in Vancouver. Recently he has been teaching fabric design at the Vancouver School of Art and has successfully designed fabrics for mass as well as hand production.

An outstanding athlete is Calgary-born Normie Kwong, who has played fullback on the Edmonton Eskimos football team for seven seasons. In 1955, Kwong, the 'China clipper', was voted Canada's athlete of the year by the nation's sports writers and sportscasters.

The Achievement of Douglas Jung has already been mentioned. During the war Jung served with the Canadian Army as an intelligence officer in the south-west Pacific area. A few years after his return to Canada, he went into law at the University of British Columbia and graduated with a bachelor of laws degree in 1954. Almost immediately he was called to the bar. His initiation into politics took place in 1956 at a provincial by-election. He lost them but when a more severe test came in the federal election a year later he won the seat.

In his maiden speech in the House of Commons Douglas Jung made this remark: 'I am aware of the tremendous responsibilities which rest upon me, not only as the first member of my race to sit in this House, but also to my constituents who have thought at all times of me only as a Canadian.'
